

There have been some changes made to the **Parent Volunteer Requirement** for the upcoming season. We felt it might be beneficial to explain it a little more in detail than is included in the handbook.

Volunteer Requirement Explanation

Each Competitive Team family is required to volunteer a minimum of 20 hours per year (June – May) for NSGA projects. **Ten of these hours MUST be fulfilled at a hosted event. In addition, a portion of those 10 hours must include working at least one set up session or one clean up session at a meet.** As in past years, you have the option of paying \$22.00 per hour for every unmet volunteer hour.

Each volunteer job will be assigned a certain number of hours (i.e. ticket seller = 3.0 hours). When you work an event or help with a project you will sign in on a Volunteer Sign-In sheet. When the event is over or the project is completed the office staff will record the hours for you on your family log sheet in the Volunteer Log Book. **You will no longer have to record your hours in the log book.** You can certainly check the book at any time to verify your volunteer hour balance.
